

BANKER CHAMBLISS VISITS GAINESVILLE

Prominent Financier and Business Man
of Ocala Here on Business.

COMPLIMENTS BANKS OF CITY

Declares That Appearances, Together
With Financial Statements Which
He Reads, Brings Gainesville Up to
Best in Country.

Among the prominent visitors to
Gainesville is Z. C. Chambliss of
Ocala, a member of the firm of Mon-
roe & Chambliss, the well-known
bankers of that city.

Mr. Chambliss is not only interest-
ed in the banking enterprises of Ma-
rion county, but is also engaged in the
rearing of fine cattle, as he has con-
siderable money invested in the Ma-
rion Stock Farms, which enjoys the
reputation as raising among the finest
cattle in the State.

Mr. Chambliss, who is a man who
believes in advancement, is very much
pleased with the progress Gainesville
has made within the past two or three
years.

"I used to be a frequent visitor to
Gainesville when it was nothing more
than a country village several years
ago," said Mr. Chambliss, "and I am
certainly proud of the many improve-
ments you have made, especially along
the line of banking. As a matter of
course, the first thing I notice in any
community is the banks and the gen-
eral conditions surrounding them, and I
can say with impunity that no city
of the same size and population in
the South, or anywhere else, enjoys
better bank buildings, interior and
out, than those afforded by Gaines-
ville. I feel sure, by the condition of
the buildings and the condition of the
reports, which I have naturally notic-
ed, that the Gainesville banks are all
right, which means that the Gaines-
ville people are all right also."

Mr. Chambliss has enjoyed a remark-
able success in Marion county, and is
one of the most widely-known of the
younger business men of Ocala and
the county.

The Holder Reunion.

There was a big time at Santa Fe
last Tuesday, being the annual reu-
nion of the family of Mr. and Mrs. Ivin
Holder. This was the seventeenth
annual reunion of this estimable and
popular couple, and there were pres-
ent five sons and three daughters—
eight children, and fifteen grand-
children, who partook of the bounti-
ful dinner that was served.

The following children were pres-
ent, and enjoyed the privilege of the
reunion, as it was the first time they
had all been together in sixteen years:

W. D. Holder, wife and children,
Santa Fe; James Holder, wife and
children, Citronelle; F. J. Holder and
wife, New Haven, Conn.; W. B. and
John C. Holder, Citronelle; Mr. and
Mrs. S. F. Burnett, Santa Fe; Miss
Lutie Holder, Citronelle; Mr. and
Mrs. D. B. Pope and children, Santa
Fe.

GAINESVILLE HAVEN OPEN.

Large Number of Citizens Attended
the Opening Tuesday.

The Gainesville Haven Sanatorium
was formally opened Tuesday after-
noon and evening, after having been
thoroughly refitted and refurbished by
the manager, Dr. C. F. Marsh.

Dr. Marsh, who is a physician of
note, conceived the idea of this insti-
tution years ago, and, after a
thorough investigation, selected
Gainesville as the place. With the
idea of establishing the sanatorium
here, he, with other prominent phys-
icians and citizens, secured the Na-
tional Odd Fellows' Home, which has
been converted into a modern and
up-to-date place.

Citizens of the city were invited to
visit the place in the afternoon and
evening, and many availed themselves
of the opportunity. They were shown
through the place by Dr. Marsh and
his attendants, visiting the operating
and sick rooms, the kitchen, dining-
room, parlor, library and other places,
and were well pleased with all ar-
rangements.

PLEASANT MAY BE PAVED.

Prominent Property Owner Pushing
Work on That Thoroughfare.

For some time the property owners
along North Pleasant street have been
making an effort to have that thor-
oughfare paved with some sort of a
durable material, through the City
Council, but not until recently has
there been any effect resulting from
this effort.

It is understood that the work of
paving this thoroughfare is becoming
a matter of serious importance, as
the filth standing in the street, espe-
cially after a rain, is something not
only obnoxious to the nostrils, but is
destined to produce typhoid fever or
other sickness. Great puddles of mud
and water are permitted to stand for
days, which makes a stench almost
unendurable to those who reside along
the street.

It is hoped that the next move the
council makes in paving will be North
Pleasant street, as no thoroughfare in
the city is more worthy of attention.

Steamer Goldsboro Held.

Mobile, Ala., Aug. 11.—The Amer-
ican steamer Goldsboro, Captain
Swatridge, arrived at this port re-
cently from Puerto Cortes. Customs
inspectors have taken charge of the
steamer and just what her cargo con-
sists of cannot be learned. The of-
ficers are reticent.

Memphis Negro Hanged.

Memphis, Tenn., Aug. 11.—Henry
Johnson, a negro, was executed in the
county jail here. Johnson was hanged
for criminally assaulting Ida May
Broadway daughter of a local dairy-
man. The girl was not quite four
years of age when the assault was
committed.

THE WOMAN WHO MAKES GOOD.

She Possesses Many Things, But Most
of All Common Sense.

The woman who makes good must
be blessed with strength and health
and an ambition to learn and take
advantage of every opportunity that
comes her way, says The September
Delineator.

She must work with all her heart;
play with all her heart; above all
things avoiding indifference and the
enemy to all progress—apathy.

She must select the pleasure that
will bring her the greatest joy, choose
the work she is best fitted for.

Ordinary hard luck never ruins peo-
ple. It puts them in a mood to learn
a thing or two. Everybody makes
mistakes. With some it is a regular
occupation; but to make a mistake
and wall about it, is to make two.

Women often speak of their talents
not being appreciated. A talent is
next to worthless unless one has the
ability to get down to hard, plain,
every-day grind.

Then, too, the woman who wins
must learn to talk, but not to tell.
There is an art—the most consum-
mate art—in appearing absolutely
frank to the butcher, the baker and
the family cat and yet not reveal
any of one's business affairs.

The woman who wins must be able
to hold all and hear all yet betray
it by neither word nor look; by in-
judicious defense no more than by
overt treachery; by anger at a ma-
licious accusation no more than by
a smile at an egregious mistake. To
be able to do this requires a rare
combination of tact and self-respect.
One cannot just slide in business and
win promotion and more salary. A
knowledge of the business is neces-
sary to show results.

To make good, a woman needs that
fine balance that accurate self-
measurement, which goes by the name
of common sense. It is the one thing
on which success depends the most.

A Faithful Friend.

"I have used Chamberlain's Colic,
Cholera and Diarrhoea Remedy since
it was first introduced to the public
in 1872, and have never found one
instance where a cure was not speed-
ily effected by its use. I have been
a commercial traveler for eighteen
years, and never start out on a trip
without this, my faithful friend," says
H. S. Nichols of Oakland, Ind. Ter.
When a man has used a remedy for
thirty-five years he knows its value
and is competent to speak of it. For
sale by all druggists.

Fatal Dynamite Explosion.

Mobile, Ala., Aug. 10.—A Brewton,
Ala., special says that Silas Maddox
was killed and his brother, Lewis
Maddox, fatally injured late Friday by
the explosion of dynamite on a log
train of the Cedar Creek Mill com-
pany. Several others on the train
were seriously injured. The train
was coming to town from the fish
pond logging camp when a bucket of
dynamite was ignited by a spark from
the engine. Silas Maddox attempted
to throw the bucket from the car. It
exploded just as it left his hands.
There were about 150 men aboard the
train.

A Weaking

Is the only way to describe the poor
child that is afflicted with worms.
No matter how much or how often it
eats, the worms get all the nourish-
ment from the food, the child gets
practically none. White's Cream
Vermifuge gets rid of the worms
quickly, easily and with no bad after-
effects. Price 25 cents a bottle. Sold
by W. M. Johnson.

Tried to Cremate His Wife.

Jackson, Miss., Aug. 10.—A spe-
cial to the Daily News from Oxford,
Miss., says that John Goolsby, a
prominent farmer residing near that
place, while in a fit of anger knock-
ed his wife down with a heavy scant-
ling, poured coal oil over her prostrate
body, and then set fire to her cloth-
ing. She was rescued by neighbors
who extinguished the flames, but it is
stated that she is in a critical condi-
tion from the burns received. Goolsby
has been placed in jail at Oxford.

Weak Women

frequently suffer great pain and misery during the
change of life. It is at this time that the beneficial
effect of taking Cardui is most appreciated, by those
who find that it relieves their distress.

TAKE CARDUI

It Will Help You

Mrs. Lucinda C. Hill, of Freeland, O., writes:
"Before I began to take Cardui, I suffered so badly
I was afraid to lie down at night. After I began to
take it I felt better in a week. Now my pains have
gone. I can sleep like a girl of 16 and the change
of life has nearly left me." Try Cardui.

A Fire in the Night

Is always a horrible experience to
those who have been burned out
and left homeless—especially if
they have had no insurance to

burning and be ready for the fire
fiend by having a policy in one of
